MFL – Assessment at Mundy CE Juniors

Overview

At Mundy CE Juniors, we continually monitor the progression of students in MFL by using teacher's formative assessments during the lessons provided by Language Angels. Teachers utilise the school Marking Policy to provide feedback as well as providing verbal feedback during the learning process. Teachers also utilise Summative Assessment to provide information over the four vital communication pillars outlined below; also, children will have the opportunity to self-assess at the end of a unit.

Summative Assessment

Teachers utilise the End of Unit Assessments, provided by Language Angels to give a robust overview of the children's abilities in the four cornerstones of MFL language development. These include Speaking Exercises; Listening Exercises; Reading Exercises and Writing Exercises. These are conducted after a unit of work is completed.

Below is an example of one of our End of Unit Assessments to help provide Summative Data.

Children's Self-Evaluation

Self-Evaluation is a key component to help children become more confident as they develop from listeners to active language producers. At the end of each unit, children will have the opportunity to reflect on their own understanding of our MFL journey. The aim is to boost their confidence and promote autonomy and ownership of their learning.
