Year 3 Questionnaires Outcomes (37 returns – 80%)

Dear Parents/Carers

Many thanks to all of you who responded to our questionnaire, in fact the 37 returns represents 80% of all of our year 3 parents. I have included the results and the comments made, below. The overall message is very positive and we are grateful for that feedback. Always feel free to contact us if you have any concerns because knowing about a problem helps us to start finding a solution. No school is perfect but we pride ourselves on always trying to improve what we do.

We appreciate that some of you were unable to attend the new intake meeting which explains the 11% of parents who were unable to answer the questions referring to it. This interpretation is supported by the fact that 100% of parents found the information useful, with 84% strongly agreeing.

There were in fact only four questions out of the twenty three asked which provoked any disagreement and one of those referred to use of the after school clubs which is simply down to parental choice. With the other issues I have rung the parents to investigate the concerns that they have and even if we cannot solve everything completely we at least want to do what we can to make things better.

Additional Views and comments made by parents

- The close relationship between Mundy and Corfield has made the transition a really easy experience. The transition visits are fantastic and really enable the children to look forward to moving up.
- Mundy Junior School provided an excellent experience for my older daughter who has just left and is continuing this with my younger daughter.
- My child was very nervous and upset every morning when he first started but he is now settled and very happy to come to School.
- Overall very happy with the School.
- Very positive experience so far!
- Miss Langridge is a good addition to the staff and we are very pleased that she is our child's teacher.
