

Eco-Warriors Knowledge Assessment

Name: _____ Date: _____

1. Where in the world can you find tropical rainforests?
Give two **countries** where rainforests are found.

2. Rainforests have different layers. Can you name all four layers in order from the top to the bottom?

3. Why do different animals live in different layers of the rainforest?
(Tick the correct reason or explain your answer)

- A) They all like the same food
- B) They choose where to live based on their needs for food, water, and shelter
- C) Only monkeys can climb

4. What is deforestation and why is it happening in the rainforest?
(Write one reason why trees are being cut down.)

5. Can you name one way you can help protect the rainforest?
