

Design a Dragon

What image comes to mind when you hear the word 'dragon'? Maybe you are thinking of a ferocious, fire-breathing reptile or a long, flying serpent. Whatever your idea of a dragon is, they are legendary, described throughout history as lizard-like creatures that have wings, four legs, horns and are capable of breathing fire. However, there are many different types of dragon. Some have leathery, bat-like wings, some don't have any wings, some have ridges and spikes all over their bodies and some are smooth with scales. Also, some dragons have unique abilities, such as breathing ice or changing their body colour to camouflage themselves. But what would your ideal dragon be like? This is your chance to design your own perfectly ferocious (or maybe fluffy?) dragon.

To help with your design, think about:

- What will your dragon look like? It could have wings, sharp claws, scales, leather skin, a long tail, lizard-like eyes, fur: the choice is yours.
- What will it eat? Animals, plants... or even people?
- Does it have any special abilities? Camouflage, fire-breathing, ice-making, magical powers?
- Where does it live? In a deep, dark cave, the depths of the oceans, on a windswept mountain ledge?
- Is it tame or dangerous? It could be a wise, speaking dragon, a ferocious, fire-breathing beast or a kind, affectionate pet.
