

Music and Computing Spring 2 MTP/STP Year 5/6 Stargazers(2021-22)

W/B 28 th March	W/B 4 th April	W/B 4 th April
MyLO: To compose a piece of music for a specific audience or purpose. Carry on from last week's work. Children were creating a happy and sad piece of music, and the link was saved to a folder in their class files. Use Google music lab to compose a piece of music for a specific audience or purpose. This will enhance their Scratch programming Maze and Sprite character.	MYLO:To analyse a piece of music Tell the children that they are going to be listening to some music today. As they are listening to the music, they will be making notes of what each piece of music reminds them of and how it makes them feel. The-planets-music-ppt <u>Star 1 + 2</u> While listening to the music: write words and sketch images about each piece of music. <u>Star3</u> While listening to the music: write some words, then use them to write a sentence about each piece of music. <u>Plenary</u> Look at all-about-gustav-holst-ppt to find out about the composer of the music they have just been listening to	MyLO: To compose a piece of music for a specific audience or purpose Remind children of the last few weeks work. Children to make a piece of music on MusicLab for each their stages They will need to save each piece as a WAV found on the bottom right-hand corner of song maker. The files will then need to be moved to an asset folder in your classes folder called Scratch Assets. Children will each make their own folder in this section and will rename each piece of music with the stage that they will use it on (stage 1 etc.)
