

Sport Premium academic year 2024-2026

we continue to provide high quality sports coaching for our children with dedicated specialist staff. We have commenced a full agenda of sport participation for the academic year providing opportunities to all our children and we celebrate participation at Competitions at 81% (academic year 2024/25).

Sport Premium Funding £17,898

Mundy Junior School mission statement for PE, School Sport, and Physical Activity.

Our aim is to provide a full and meaningful breadth of opportunities in P.E., School Sport, and Physical Activity to all our children.

As a school we are determined to make this happen by implementing the following objectives.

- Opportunities through School Sport.
- Access to a high quality and diverse P.E. curriculum.
- Physical Activity will be done through extra-curricular sporting activities.

We have always recognised the importance of Physical Education, Sport and the provision of a wide range of extra-curricular sporting activities. Our aim is to involve as many children as possible in as many quality activities as we can. We are totally committed as a school to the promotion of sport for all our children, at all levels of ability. Mundy Junior School has embraced the opportunities presented by the Sports Premium money available and how we utilise that money is detailed below but more important is the philosophy behind it. The success we have already enjoyed in engaging children is down to a whole school ethos, it is about the children taking a pride in themselves and their school. Self-belief, drive and a determination to challenge themselves, try new things and to improve, goes beyond sport to all areas of their lives. Wanting to represent the school is a huge motivational factor for our children and we have been creative and focused in how we have supported our children in achieving this aim. Of course, this aspiration has benefits in terms of tackling childhood obesity and supporting mental health, but it is the sense of purpose and desire to acquire new skills and hone existing ones which is key. Physical Health and Mental Health are of course intrinsically linked, and we recognise that the quality of our provision has a significant impact on the lives of our children.

Schools are allocated Sport Premium funding from the DfE and must spend the funding to improve the quality of the PE and sport activities they offer their pupils, but they are free to choose the best way of using the money.

Here at Mundy Junior School, we received £17,898 for the financial year 2024-2026 and we have budgeted to provide the following from our funding:

Mundy Junior School allocate a match funding budget of for affiliation to Amber Valley School Sport Partnership (AVSSP) for the comprehensive training and access to the competitions. The provision of high quality PE for all classes, Afterschool Clubs and Breakfast Club.

The Package we received from AVSSP is as follows:

- £17,898 Sport Premium has been delegated to our school.
- Government commitment has been made to secure this funding through the 2025-2026 academic year.
- This delegation of funds to schools has given Mundy Junior School the autonomy to implement high quality sport and PE education in the school setting.
- The quality of our PE provision in our school has continued to improve year on year this is monitored and evidenced through rigorous quality assurance. But also, by the increase in pupil engagement and the school's engagement with competitions which have resulted in very successful outcomes, evident in our competition success and engagement.

- The school will be working towards the 'School Games Gold Award' (we currently hold bronze) which has a set criterion and standard that we have to meet i.e., our competition attendance, the number of children accessing competitions and extended schools, providing a breakfast club, our engagement with the community and our success at engaging hard to reach children.
- The school has a PE Curriculum Lead (Mr Sharp), Sports teacher (Miss Knighton maternity leave Sept 2025) and a Sports' Competition Coordinator (Mrs Knighton). Our Sports' Teacher Miss Knighton is a qualified PE Specialist. AVSSP will be covering Miss Knighton's maternity leave. AVSSP are sports specialists and have an excellent reputation in high quality provision of sports.
- The cost to the school for the educational provision is £34,000 the commitment being match funded by the school's budget.
- The Sports Teacher works closely with Mr Sharp in the production and execution of lesson plans and Ofsted ready evidence folders.
- All coaching and PE lessons are in line with national and Ofsted standards.
- The Sports Teachers also work alongside teaching and support staff modelling good practice.
- CPD is undertaken and offered.
- The school has a process of electing Young Sports Leaders within school promoting engagement, responsibility, and lifelong learning.

As part of our package, we provide:

- After School Clubs
- Holiday Clubs
- Competitions

The governors at Mundy Junior School have spent some time analysing Sport Premium Funding and its impact, some of the key discussion points were:

- Governors felt that the service was making a difference to children's lives it was not just about sport, but evidence shows a wider range of benefits i.e., improved pupil attendance, attitudes, and attainment and self-confidence and pride. We also feel that pupils and parents benefit from increased opportunities. This in turn benefits the school because of pupils' engagement we are teaching more motivated pupils who achieve more, and the school community benefits from a greater access to services, this provision ensures that we are able to engage the hard-to-reach children.
- Swimming takes place every week over the year giving a terms access to this key skill for every child.
- Our more vulnerable children as well as those with disabilities have had opportunities to achieve within a competition environment, creating positive experiences which are key to breaking down barriers to learning by boosting self-confidence.

Year 6 Cohort Swimming Data 2024/25

How many pupils within their year 6 cohort can do each of the following?

- Swim competently, confidently, and proficiently over a distance of at least 25 metres; 35%
- use a range of strokes effectively 71%
- perform safe self-rescue in different water-based situations; 100%
