

Eco-Schools Action Plan 2022-2023

Eco-Schools Topic 1 Biodiversity:	Action(s): - To maintain our wildlife area. - Encourage wild animals. - Create an insect hotel - Create a hedgehog wigwam - Look at animal adaptations to the environment. - Butterfly life cycle. Observe live caterpillars changing into butterflies then release.	How long will it take? 4 weeks.	How will we monitor progress? Take photos of progress
Aim: Create different habitats in the school grounds.		Who is responsible? ECO C.A.T.s and ECO Club	Evaluation: This has now been finished and we are monitoring to see if any insects and animals use them.
Eco-Schools Topic 2 Global Citizenship:	Action(s): - Turkish Earthquake – Sponsored run - Macmillan – Coffee Morning - Save the children - Red nose day – Naughty Tuck & non uniform - Children in Need – Naughty Tuck & non uniform - Cancer Trust UK – Preloved book sale	How long will it take? Different days over the school year	How will we monitor progress? Took photos and publish in newsletters
Aim: Helping charities at home and overseas		Who is responsible? School, School Parliament, ECO	Evaluation: These have been very successful and continue to support charities.
Eco-Schools Topic 3 Schools Grounds:	Action(s): - Talk about the Dig for Victory campaign and how it helped Britain. - Discuss what plants to grow. - Prepare the plots. - Plant seeds, label then look after.	How long will it take? By end of Autumn term	How will we monitor progress? Progress published on digital notice-board
Aim: To plant and cultivate vegetables as part of our Dig for Victory topic and plant 4 fruit trees from Ground Up campaign		Who is responsible? ECO C.A.T.s and ministers.	Evaluation: Harvest, cook and taste
