Heanor Cornerstone is...

an informal group of Christian from different churches and traditions in the Heanor area.

Our aim is to facilitate the churches in working together and with partners to serve our communities

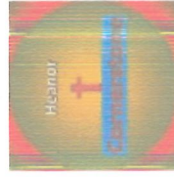

Infinite Wellbeing is.....

A community centre in the heart of Heanor.

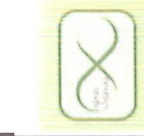

Our aim is to create a safe space with something for the whole community to enjoy.

At Infinite Wellbeing, we know that having a good support network is vital - we certainly rely on ours and we wouldn't be where we are without the support of lots of amazing people.

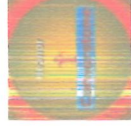

We all go through difficult times in our lives. Having a strong support network makes a huge difference in helping you cope and get through those tough times.
